LIBRARY MAGIC is a computer program designed specifically for media centers. With just a few keystrokes on an Apple computer, media specialists can personalize items to make their libraries special.

- ★ LIBRARY FORMS—Design and print your own overdue notices, book requests, library passes, book reservations, loan requests, library cards, and other items.
- ★ BOOKMARKS—Choose from 32 different formats. Personalized bookmarks make great gifts or reading incentives.
- ★ AWARDS—Twenty different awards designed especially for reading activities.
- ★ BOOKWORMS—Inspire your students to read by watching their "bookworms" grow. Choose from worm, train, rocket and boat.

LIBRARY MAGIC may be used with the following printers. No graphics card is required. Apple DMP, Apple Imagewriter, Apple Scribe, Brother, C. Itoh Prowriters, Epson Printers, HP Thinkjet, NEC 8023/8025, Panasonic KX, Star (Delta, Gemini, Radix)
